MIA'S
FAVORITE HOTEL
MAVROVO

MFH KNOWS HOSPITALITY.

Over the past decade, our people have delivered more than 10000 projects across 60 global cities, gaining in-depth experience in every part of the events and hospitality industry, from heritage hotels to vast entertainment complexes, from budget-conscious facilities to luxury resorts, across the most popular global destinations.

With over a decade-long exposure to a rather delicate and lavish approach, our founders were keen to bring their internationally gained first-hand experience to the mountainous wonder-site of Mavrovo.

Our long-term partnerships with world's leading hotel brands, signature creators, property developers and management companies, inspired us to establish exceptionally welcoming properties, that offer a pleasant vibe and unparalleled cozy ambiance.

Above all, we know it is the guests who matter most.

Whether you are in for an intimate weekend gateway, out for a family gathering in the mountains, up for an escapade from the everyday urban chaos, or simply willing to enjoy remote mountain hideaway, our sights remain firmly at your service. Because that is what our intention was in the first place.

WE LOOK FORWARD TO WELCOMING YOU!
